

Dear Colleagues,

Please consider the opportunity to submit Live Demo proposals at the IEEE Applied Sensing Conference 2023 Bengaluru, India – Jan23-Jan25, 2023):

<https://2023.ieee-apscon.org/>

A demonstration track will allow authors to showcase their sensor technologies to the audience in live interactive sessions. We particularly encourage submissions to this track to fulfill the dissemination and outreach requirements of research projects supported by EU programs or similar programs. One-page description of live demo submission is required. The proposal should follow the Conference template but limited to one page. The proposal can be submitted via ePapers here: [https://epapers2.org/apscon2023/ESR/login.php?epsc=LD67\\$](https://epapers2.org/apscon2023/ESR/login.php?epsc=LD67$)

Extended Live Demo Proposal Submission Deadline: **October 15, 2022**

Notification of Proposal Acceptance: **October 31, 2022**

Best regards,

Bishakh Bhattacharya

Svetlana Tatic-Lucic
